

# Thank you!

Thank you for your download! I hope the activities provided within are a great new resource for your classroom.

This file and all of its contents are for your own personal or classroom use only. In downloading this file, you agree to its terms of use.

## You may:

- ✓ use this resource in your own classroom or home
- ✓ share with others by linking directly to the blog post
- ✓ include pictures of students using the product in a blog post as long as proper credit is given, including a link to the blog post

## You may NOT:

- give this product to others
- alter the resource in any form, unless it is an editable product
- upload the product to any website or online storage system, including Amazon Inspire
- create derivative works or copy it to make a similar product
- share it by directly linking to the pdf file

If you have any questions or need any minor changes, please email me at [primarythemepark@gmail.com](mailto:primarythemepark@gmail.com).

Thanks, again!  
I hope this is your best year of teaching yet!

## Materials

Christmas tree templates  
green, yellow, brown construction paper  
construction paper in various colors  
scissors  
glue (liquid or stick)  
stapler

hole punch  
pencil  
markers  
optional: other things to decorate with like  
stickers, glitter, buttons, ribbon, paint, etc.

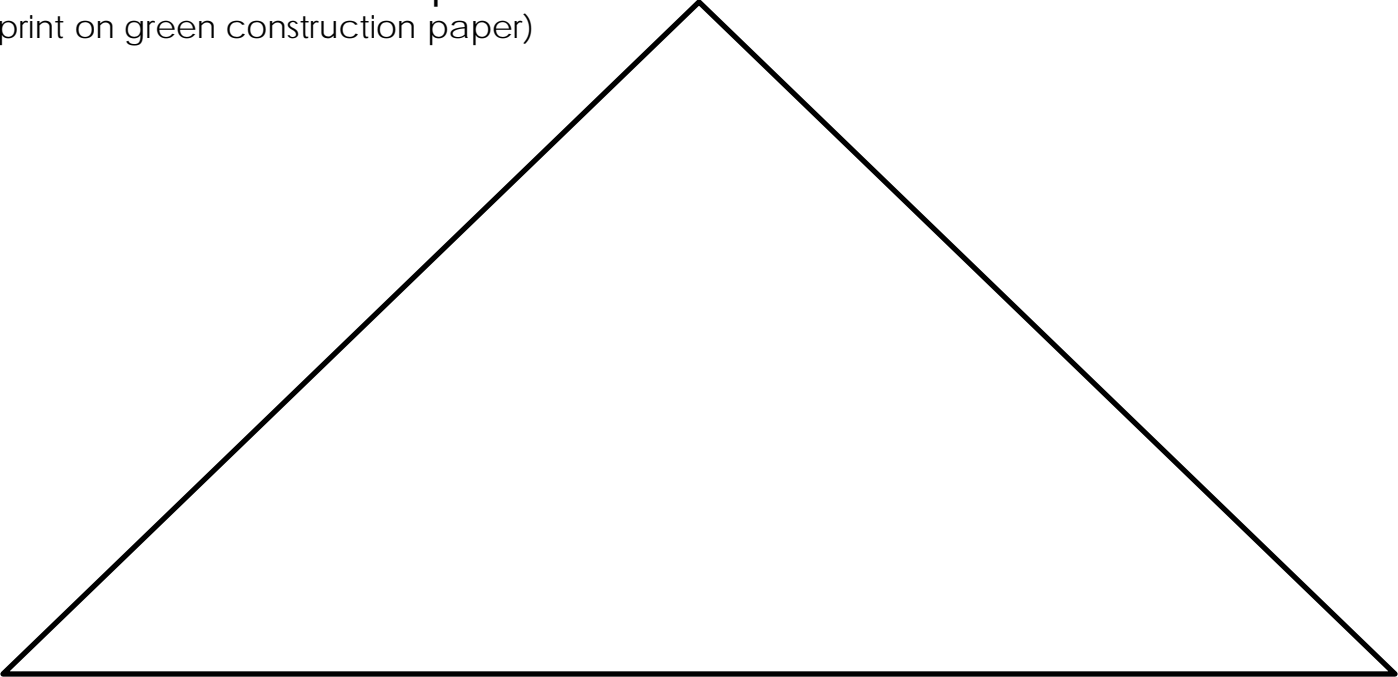

## How to Decorate a Christmas Tree

1. Print and cut out the tree and star templates.
2. Stack the tree templates on top of one another from largest to smallest. Make sure they meet together towards the top. Staple them together using one or two staples. (The star will hide the staples.)
3. Brainstorm and plan out what to write. Beginning at the top, lift the flap and write the first step in decorating a Christmas tree. Write the next step under the second flap and so on, writing each step on a different flap. **It works best to write in pencil first, and then go back over it with a black marker.**
4. Once the writing is complete, it's time to decorate the tree! Don't forget to add the star on top and cut out a small, brown rectangle and glue on for the trunk.
